### SUPPORT THE GOOD, ELIMINATE THE BAD

Good and bad bacteria cannot effectively coexist in your digestive tract. The bad bacteria cause intestinal troubles, while the good bacteria break food down. Restore maintains the healthy balance in the intestines' to ensure an effective digestive process.

### INSIDE OUR SPECIALIZED FORMULA

Inside our all-natural Restore formula, you'll find a powerful blend of probiotics which support your body without the negative side effects that come from using products with harmful or toxic ingredients.

Probiotics are live microorganisms found in certain foods that are similar to microorganisms found in the human gut. Our formula contains 12 different probiotic strains, which make Restore so unique and influential.

### SHOULD I USE RESTORE?

There are more than 1,000 different types of bacteria living in your gut. When these bacteria are attacked by certain antibiotics, laxatives, toxins or pathogens, the intestinal tract is inhibited in its ability to breakdown the food you eat.

### WHAT MAKES ACTIVE UNIQUE?

Here at Veo Natural, we're committed to offering high value, quality products.

That's why we don't use fillers, and triple-test our formulas to ensure we provide the purest, most effective supplements on the market.
